

WGBC Livestock Price / Payment / Shipment Reference Sheet

Setting Pay Price Protocol for Cattle

PAY PRICE is reviewed monthly by the Board of Directors (BOD). In times of extreme price volatility, more frequent review may be warranted at the discretion of the BOD.

TIMING – The BOD will review and make changes, as necessary, to the pay price during the monthly BOD meeting, typically the second Monday of each month. Price changes are normally effective the 1st of the following month.

MARKETING INDEX – The BOD will use as a basis for their review, the USDA Weekly National Carlot Meat Report, Weekly Average Carcass Price Equivalent Index Value (Page 3) for Choice 600-900 lb. carcasses.

VARIANCE – Price changes are often recommended when there is a significant difference in the posted USDA Average Carcass price from the month before. These reported prices are running average prices from Midwestern U.S. livestock markets.

PREMIUM – Our goal is to maintain a premium over the index price for our final payout price to Members.

WGBC Cattle Transport Support Program

WGBC will support the cost for Members' cattle to be shipped, with **reimbursement included in your payment for cattle**. The amount of support will be determined by the mileage from your farm to the processor. The distance will be determined using a Rand McNally mileage calculator website, using your membership address on file and the processor's location. Number of head will be counted when hanging weights are received from the processor and the reimbursement rate will be as follows:

DISTANCE	REIMBURSEMENT
0 - 50 miles	\$5/head
51 - 100 miles	\$15/head
101 - 150 miles	\$30/head
151 - 200 miles	\$45/head
201 - 250 miles	\$60/head
251-300 miles	\$75/head

PLEASE NOTE!

Members are responsible for payment to livestock haulers hired to transport cattle – as requested by that livestock hauler. **The transaction for transporting livestock is between the Member and the livestock hauler.**

COMPENSATION FROM WGBC WILL BE PAID LATER. It is included in our payment for your animals – and assigned per animal.
